

```
import java.util.Scanner;

public class PracticeIntroQuiz2
{
    public static void main(String[] args)
    {
        Scanner input = new Scanner(System.in);

        int num1, num2;

        System.out.print("Please enter a POSITIVE ODD integer: ");
        num1 = input.nextInt();

        System.out.print("Please enter an ODD integer LARGER than the first number: ");
        num2 = input.nextInt();

        System.out.println();
        for (int count = num2 - 1; count > num1; count -= 2)
        {
            System.out.println(count);
        }
    }
}
```
